Comments: The North Carolina State Board of Nursing offers a Nurse Licensure Compact (NLC) agreement which allows mutual recognition of a nursing license with 34 states for nurses trained in NC to practice in member states.

ADN licensure requirements vary by state and other individual factors; credentials, training, job experience, criminal history or military service. The following link contains the individual state ADN program point(s) of contact, which include name, phone number, e-mail, and physical address.

www.ncsbn.org/nurse-licensure-compact.htm

Student applications are reviewed on a case-by-case basis. All ADN graduates will take a standardized exam nationwide. It is administered through the National Council of State Boards of Nursing. For more information visit www.ncsbn.org.
