

## **Build Your Own: AR-15**

**Instructor: Jacob Porter.** [porter.s.jacob@gmail.com](mailto:porter.s.jacob@gmail.com)

Students need to provide ALL AR parts, components and accessories for the class. Suggested tools include basic roll pin and dowel pin punches, hammers, pliers, driver bits and handles (Brownell's Magna Tip) Adjustable wrench and Allen Key set. AR specific tools will be available, but students can bring any that they have including upper/lower receiver vise blocks, barrel nut / multi- wrenches, torque wrenches (Ft AND In) Strap Wrench and selection of files.
