

Supply list for **Metal Engraving 101**

90, 105, and 120 degree gravers c-max, carbide, HSS, or glensteel

3 Graver holders from GRS 1/8" round or 3/32" sq. This is based on what sized gravers you buy.

Quick change chisel handle from GRS 1/8" round or 3/32" sq. I suggest Sam Alfano's chisel handle at GRS.

Chasing hammer

Optivisor or similar hands free magnifier

Drawing notebook

Pencils

Binder or accordion file.

3m trimite wet and dry polishing paper

Free standing Bench light

OPTIONAL SUPPLIES

Sharpening fixtures such as the dual angle sharpening fixture or the GRS Apex Sharpening System

Foldable jewelers magnifier

Students are welcome to bring additional tools they may find useful in the class.

If you have further questions about tools please email engravingbysam@gmail.com or text 336-339-3372. Feel free to bring any other tools you may want to use.

If you use GRS (highly suggested) please contact Clint Eidman at ceidman@glendo.com and tell him you are buying tools for Sam Cherry's Metal Engraving 101 course. He is willing to give us a discount on the total of your purchase.
