

Metal Engraving 201

90, 105, 120-degree gravers c-max, carbide, HSS, or glensteel

3 Graver holders from GRS 1/8" round or 3/32" sq. Based on what sized gravers you buy.

Quick change chisel handle from GRS 1/8" round or 3/32" sq. I suggest Sam Alfano's handle at GRS.

Handle for jewelers engraving (we will use this for bullino engraving)

Chasing hammer

Optivisor or similar hands-free magnifier

Drawing notebook

Pencils

Binder or accordion file.

3m trimite wet and dry polishing paper

Bench lights

Students can order direct from GRS. The instructor has worked out a direct purchase through them. Students must contact Clint Eidman. Directly and tell him that they are taking Sam Cherry's class at MCC. ceidman@glendo.com or they can source their own tools.

If you have further questions about tools please email engravingbysam@gmail.com or text 336-339-3372. Feel free to bring any other tools you may want to use or have questions about.
