

Smith & Wesson Double Action Revolver

- Brownells Mag-Na-Tip screwdriver set or similar.
- 4 oz. Crosspane hammer
- Nylon bench block
- Small pin vise such as the No. 90 from Brownells
- General-purpose set of drift punches including 1/16, 3/32 and 1/8 in. starter and longer plus a prick punch
- Brass/nylon-tipped drift punch
- 1/8X1/4 EDM stone 180, 320, 600 grits. Should be about 6 in. long; need two or three of each as they are fragile.
- EZ-Lap diamond stone 3/4X2 pad fine, medium and course (from MSC)
- 1/2X6 fine and medium India stones
- 1-in. Micrometer, if possible
- 6–8 in. dial caliper
- Q-tips
- Gun oil
- small black Sharpie marker
- Any parts you wish to install. Be a good idea to bring a couple sets of the small internal parts: hammer, trigger, trigger return springs, hand, plungers and springs.
