

2023 Associate Degree Nursing Information Guide

(Revised 05/09/2022)

Admission into Associate Degree Nursing (ADN)

Admission to the Associate Degree Nursing program is based on completion of all of the following Phase I and II admission requirements. It is the student's responsibility to ensure that all documentation including testing and/or courses completed is transmitted to the Enrollment Office. Prospective students are not considered for admission until all paperwork and all assessment benchmarks are complete and verified through the Enrollment Office.

Phase I: Application deadline January 31

- **Apply:** Complete NC residency determination at www.ncresidency.org before applying online at www.montgomery.edu by January 31.
- **Request transcripts:** Submit a high school/high school equivalency certificate (GED®)/Adult High School transcript that meets North Carolina standard and any necessary college transcripts. (MCC reserves the right to test for proficiency any applicant asking for transfer credit on theory or clinical course.)
- **High school Algebra, Biology and Chemistry:** Completion of high school Algebra, Biology and Chemistry with a grade of "C" or better or completion of comparable courses.
- **Nurse Aide I:** Must have completed or currently attend a state-approved NA I training program. If currently participating in a NA I class, a NA Enrollment Verification form must be submitted by January 31 and a copy of the NC Registry Listing must be on file in the enrollment office by July 1. NC Registry Listing must be maintained while enrolled in program.
- **Placement:** Using the Reinforced Instruction for Student Excellence (RISE) placement model, be eligible to enroll in ENG 111 and MAT 143 WITHOUT a co-requisite for the nursing program by January 31. See Placement options below. It is the student's responsibility to ensure documentation of appropriate test scores or course completion is received by the Enrollment Office by the deadline.

Be eligible to enroll in ENG 111 and MAT 143 without a co-request by completing or receiving	
English	Math
<ul style="list-style-type: none"> • Transfer credit for ENG 111; or • Waiver credit for all of the following: DRE 096, DRE 097, DRE 098; or • Waiver credit for ENG 002 with a minimum grade of P2; or • Waiver credit for ENG 011 	<ul style="list-style-type: none"> • Transfer credit for one of the following – MAT 140, MAT 143, MAT 152, MAT 171 (or a higher-level math); or • Waiver credit for all of the following: DMA 010, DMA 020, DMA 030, DMA 040, and DMA 050; or • Waiver credit for MAT 003 with a minimum grade of P2; or • Waiver credit for one of the following: MAT 043, MAT 052, or MAT 071
For more information about RISE, go to www.montgomery.edu .	

Phase II: Admissions (TEAS) - February

Admissions Test: Applicants who have completed all Phase I admissions requirements by the application deadline will be eligible to take the Test of Essential Academic Skills (TEAS) admission test. After the application deadline, **qualified applicants will be notified of their eligibility, cost, and testing schedule.** Upon recommendation of the Enrollment Office, applicants may retest once at an additional fee. Note: MCC does accept TEAS scores sent directly from atesting.com. Scores within the last three years are eligible for review. **Any TEAS tests taken after June 1st, 2022 must be the most current, Version 7 of the test.**

ADN Deadlines

Application Deadline	Jan. 31
TEAS Testing	mid-Feb
Provisional Acceptance Notification	mid-March
Confirmation of Provisional Acceptance	mid-April
Mandatory Orientation	mid-April
Mandatory Medical Form Review Session	mid-June
Basic Life Support CPR	July 1
Physical Exam (Medical) Form Due Date	July 1
Priority Registration.....	late July

Failure to meet deadlines will render applications invalid

Phase III: Provisional Acceptance

After all criteria for Phase I and II have been satisfactorily completed, applicants will be evaluated for provisional acceptance. A point selection process will be used to rank applicants for acceptance into the program. Applicants will be ranked based on (1) TEAS scores; (2) previous secondary and post-secondary academic work; and (3) county of residency. Applicants will receive written notification from the Enrollment Office concerning provisional acceptance or placement on the ADN alternate list. Acceptance is provisional pending the following requirements:

- **Orientations:** Attendance is required at mandatory orientation sessions. Many aspects of the program will be discussed and include, but not limited to tuition, books, schedules, program expectations for class, lab and clinical. Failure to attend could result in forfeiture of position in program.
- **CPR:** Be certified with Basic Life Support CPR. Documentation must be submitted to the Enrollment Office prior to registration and certification must be maintained throughout enrollment.
- **Medical form:** Completion of student medical form and evidence of physical and emotional health as defined by the North Carolina Board of Nursing Standards for Educational Unit in Nursing. Qualified applicants will be provided the medical form when required.
- **Background/drug screen checks:** Affiliating agencies used by MCC's ADN program require students to submit to criminal background checks, drug testing and/or health screening prior to or during participation in class, lab, clinical, or co-op experiences at their sites. Students should be aware that progress toward graduation may be limited by **any inability** to meet the agency requirements for student placement.

Academic Requirement

Nursing students are required to maintain at least a 2.0 GPA (a "C" average) to remain in the program with a grade of "B" or better on each nursing course and BIO courses.

Applicants for Readmission

Readmission to the Associate Degree Nursing program is based on successful completion of the requirements for readmissions and space availability. A student may be admitted to the ADN program only twice, including re-instatement.

Reapplication for Subsequent School Terms

If you are not accepted into the program or if you are accepted but decide not to attend and wish for your application to be considered for another academic year, you must reapply for admission by completing a new application. *Your file will not be considered unless you reapply.* You should reapply as soon as possible or by January 31 for the next school year.

Related Courses

Prior to acceptance into the nursing program, students may enroll in the related courses. By passing these related classes ahead of time the course load in nursing the following year will be reduced. However, completing related courses early may impact financial aid awards. Students should consult the financial aid staff for more information.

Being enrolled in these related classes, however, **does not guarantee a position** in the nursing class for the following year. Each applicant will still have to compete for the available positions using the regular nursing admissions criteria. **Applicants who have completed related courses at other institutions should contact the Registrar at MCC concerning their transferability.**

Financial Assistance

All nursing applicants are encouraged to apply for financial aid assistance. For more information, contact the Financial Aid Office at MCC or visit www.fafsa.gov. Scholarships and veteran's benefits information is also available. MCC does not participate in the Stafford Loan program. **Please be aware that financial aid does not cover the entire cost of this program.**

Nelnet

MCC is proud to offer Nelnet as a convenient budget plan. This is a payment plan, not a loan program. For more information about Nelnet, click on the MCC TechTrail portal on our website: www.montgomery.edu or call our Business Office at 910-898-9633.

For more information, visit www.montgomery.edu
